Scotland lead, University of Aberdeen: Chair of the Board.

In 2019, the proportion of women in senior management roles grew to 29% globally (Grant Thornton Report 2020). Exploring how women's leadership potential is being unlocked across industries, countries and business is vital to empowering women to start businesses and take an equal position in the global economy. This session will examine:

- **Diverse leaders:** challenging limiting leadership stereotypes
- **Path to leadership:** developing women leaders from early education to careers and the boardroom
- **Role models:** creating a culture of mentorship and diverse representation
- **Pursuing Innovation:** companies with diverse leadership outperform their peers in market share growth and capture of new markets (Harvard business Review)
